INDEX TO VOLUME LXII, 1958

POWER ENGINEERING

A star * denotes an illustrated article; H denotes an article which appeared in the Power Engineering Handbook. A Subject Index follows the Article Index, and, as a cross-reference, an Index to the Authors appears last

ARTICLE INDEX

A

Abitibi Mill Makes the Most of Process Steam for Power — New ..... Aug *64
Access Permit — How to Get An.... Feb 41
Accident at Oak Ridge — The Y-12 Radiation ..... Oct *54
Accident at Windscale ..... Feb *45
AIEE Winter Meeting Attracts, Rewards 5000 Electrical Engineers... Apr *96
Air Conditioned With Low-Pressure Turbine Units — Hospital Completely ..... Feb *72
Air Conditioning — How to Buy.... May *56
Air Conditioning Miniature Controls Come of Age ..... Nov *73
Air Force Base on Island of Bermuda — Power Facilities at U. S..... Oct *68
Air Heater Tubes, repairing of..... Dec H 98
Air Heaters — Better Repair for Tubular ..... July H *88
Air Pressures In Sprinkler Tanks.... Nov H *86
Air-Source Heat Pumps Prove Practical and Economical ..... June *72
Alignment — When Checking Shaft.. Apr H *112
American Engineering Education and Training — A Look at ..... Aug *95
American Power Conference Will Bring You Up to Date on Power Problems ..... Mar *74
Ammonia in the Brine — Case of the Freezing Cooler . . . and ..... July 82
Amplifiers — Transistors Versus Magnetic ..... Dec *88
Analysis — Introduction to Steam Power — Boiler Feedwater..... Nov H 84
Analyzes Water and Controls Treatment — New Equipment Automatically ..... Jan *76
Annual Meeting at New York — ASME Holds ..... Jan *90
APC at Chicago Attests Power Field's Vitality ..... May *78
APPR Was Prepared For Start-Up — How The ..... Apr *50
Are You Up-To-Date on BF Pump Warm-Up Methods?..... Aug *102
Armortube Reduces the Cost of Installing Instrumentation..... June *94
Art — Progress in Solid State Phenomena Advances Electrical..... Jan *62
Ash System — Eddystone Has Longest Vacuum..... Sep *67
ASME Gas Turbine Power Division Finds Progress Rapid..... May *79
ASME Holds Annual Meeting at New York..... Jan *90
At Automatic Electric, A Necessity: Efficient Power Engineering..... Nov *64
Atlantic — Waste and Water Systems Cut Cost at ..... Oct *80
Atmosphere Control — Water Vapor — Third Dimension In..... May *75
Atomics Newsletter — Every other month beginning in Jan
Atomics Section — Alternate Months to Newsletter
Automatic Controls Apply to Feedwater Treatment Systems — How. Oct *86
Automation Pays Off as Dana Corp. Streamlines Plant — Packaged Boiler..... Oct *83
Axial-Flow-Exhaust Turbine Make Unique Combination — Monotube Boiler..... Jan *66

B

Backwash Is Cheapest! — To Clean Your Condenser ..... July *72
Baffle Permits Inert Gas Welding in Field — Kraft Paper Used as..... Oct H *104
Balloon Descension An Old Trick With A New Twist..... Mar *73
Bare Steel Pipe — How to Prevent Freezing in..... July H *90
Barge? — How Many Tons in Coal.. Mar *70
Bar-Graphs — How to Start and Stop Your Turbines With the Aid of.... June *89
Bascodur — another new plastic for the power field..... Oct 82
BCR Coal-Pak Units — New College Heating Plant Switches to..... Aug *72
Bearing Repaired On Job By Flame-Welding — Large Hydro..... Oct *85
Bermuda — Power Facilities at U. S. Air Force Base on Island of..... Oct *68
Be Sure to Ventilate Dipping and Baking..... Mar H 94
Better Repair for Tubular Air Heaters July H *88
Best? — Deaeration — Which Way is ..... Aug 100
Beveling, brushes, device for..... Dec H 100
BF Pump Warm-Up Methods? — Are You Up-To-Date on..... Aug *102
Blades Welded At Site — A picture story of successful emergency repairs. Fractured Runner..... Apr *104
Blowdown — Steam Purity Monitoring Permits Big Savings in..... June *79
Blowdown — With This New Heat-Recovery System, You Can Take A New Look At Continuous..... May *72
Blower — PVC ..... Oct *82
Blow-off Valves — Power Engineers' Valve Manual..... July *75
Boiler Automation Pays Off as Dana Corp. Streamlines Plant — Packaged..... Oct *83
Boiler, Axial-Flow-Exhaust Turbine Make Unique Combination — Monotube ..... Jan *66
Boiler Drums by This Proven Method — Repair Your Cracked..... Nov *80
Boiler Erection — Cuts Costs — High Strength Bolting Speeds..... Feb *90
Boiler Feedwater Analysis — Introduction to Steam Power..... Nov H 84
Boiler Gages Easy to See — Simple Way to Make..... Mar H 94
Boiler Insurance Covers? — Know What Your ..... May *61
Boiler Repair — Fusion Welding Speeds HRT..... Sept H *98
Boiler Tube Life — Single-Stage Copper Removal Treatments Lengthen Aug *76
Boiler Water Treating Systems..... Jan H *92
Boiler Water Treating Systems..... Feb H *92
Boilers Into Single Plant Pays Off at Convair — Centralizing..... Jan *88
Bolting Speeds Boiler Erection — Cuts Costs — High Strength..... Feb *90
Boxes That Have Mechanical Seals — How to Maintain Stuffing..... Nov H *88
Brine — Case of the Freezing Cooler . . . and Ammonia in the..... July 82
Britain — Controlled Thermonuclear Progress In the United States and. Apr *44
Britain — How Atomic Power Operators Are Trained in..... Nov *66
Britain — More Efficient Nuclear Plants for ..... Oct 56
Brochure About Job of Power Engineers Now Available to Readers... June *88
Brushes, device for beveling..... Dec H 100
Brushes — How To Get Better Performance for Carbon..... Apr H *106
Buildings — Electrical Load Grows in Feb 73
Bunker Fire Protection — How to Use CO_2 for Coal..... July *78
Burning Coal in Pulverized Form.... May *69
Bushings Can Be Salvaged — High Voltage..... Nov H *82
Butterfly Valve Controls Condenser Siphon..... Mar *82

C

Cable — Eliminate Wiring Problems With Mineral-Insulated..... July *54
Cable — New Ways to Splice..... Mar H *88
Calculations — Nuclear Power..... June 45
Campuses Feature Up-to-Date Power Utilities — New College..... May *77
Carbon Brushes — How To Get Better Performance for..... Apr H *106
Carnot Cycle — Refresher Look at the Jan *72
Case of the Freezing Cooler . . . and Ammonia in the Brine..... July 82
Cement — It's Easy to Use This New Epoxy Resin..... Jan *81
Central Fuel Committee For Edison Electric Institute? — How About a Apr *82
Central Plant — Radiant Heating for 1900 Homes From This..... Mar *56
Central Vacuum Cleaning System — When the word is "Keep it clean," try a..... Feb. *79
Centralizing Boilers Into Single Plant Pays Off at Convair..... Jan *88
Centrifugal Pumps — How To Maintain..... Oct *98
Chamber? — What's In That Testing Dec *86
Check-List Helps Prevent Fires On Construction Jobs..... Feb 82
Check Valves — Power Engineers' Valve Manual..... June *85
Checking on That Generator..... Apr H *110
Checking Shaft Alignment — When.. Apr H *112
Chuck Loosener — One Small..... Jan H *96
CIGRE Reports European Power Systems Will Be Expanded at 380 kv. Aug *C-1
City — Engineer To Help Run Nation's Second Largest..... Mar *59
Cleaning With Ultrasonics Saves Meters — Quick ..... Jan *81
Coal Barge? — How Many Tons in . Mar *70
Coal Bunker Fire Protection — How to Use CO_2 for ..... July *78
Coal in Freezing Weather — Ways of Handling..... Mar H 90
Coal in Pulverized Form — Burning. May *69
Coal-Pak Units — New College Heating Plant Switches to BCR..... Aug *72
Coal Sampler Automatic In Operation — Simple and Inexpensive..... Feb *91
Coal Samplers — Modern Practice in Design and Testing of Mechanical. Sep *83
Coal — When You Crush and Pulverize..... July *61
College Campuses Feature Up-to-Date Power Utilities — New..... May *77
College Heating Plant Switches to BCR Coal-Pak Units..... Aug *72
Combination Mask-Resuscitator Developed..... Sept 82
Combination — Monotube Boiler, Axial-Flow-Exhaust Turbine Make Unique..... Jan *66
Combined Steam and Gas Turbine Plant? — Why a..... Aug *97
Combustion Miniature Controls Come of Age..... Nov *73
Combustion of Coal — Introduction to Steam Power..... July H 84
Committee For Edison Electric Institute? — How About a Central Fuel Apr *82
Common Sense as Applied to Electrical Distribution..... Apr *79
Commutator Plating With Rhodium Reduces Wear and Static..... Oct 84
Comparing Costs of Mixed-Bed and 4-Bed Demineralizers..... Aug 66
Compound Removal — Using Dry Ice for..... Aug H *109
Computer: A Valuable Tool for the Power Engineer — The..... Oct *92
Condenser — Backwash Is Cheapest! — To Clean Your..... July *72
Condenser Siphon — Butterfly Valve Controls..... Mar *82
Condenser Tube? Try This Cure — Got a Leaking..... Mar H *90
Condensers — What's New in..... Oct *78
Con Ed — Repairs Cut Down-Time at Apr *84
Conference Draws Record Attendance to Boston — National Power..... Nov *78
Conference, Montreal, 1958 — World Power..... Nov *54
Conservation Program — How the Navy Engineers Its Utilities..... July *65
Construction, Insulation, Maintenance of Overhead and Underground Lines..... Aug *C-7
Construction Jobs — Check-List Helps Prevent Fires On..... Feb 82
Continuous Blowdown — With This New Heat-Recovery System, You Can Take A New Look At..... May *72
Control Systems — Trends in Central Dec *93
Control — How the Space-Code-Selector System Works to Give Supervisory..... Aug *68
Control — Water Vapor — Third Dimension In Atmosphere..... May *75
Controlled Rectifier Works — How the..... Mar *86
Controls Apply to Feedwater Treatment System — How Automatic... Oct *86
Convair, — Centralizing Boilers Into Single Plant Pays Off at..... Jan *88
Cooler . . . and Ammonia in the Brine — Case of the Freezing..... July 82
Cooler Sends 12,000 gpm To Research Reactor — This Fluid..... July *81
Cooling Systems Turn Waste Heat to Useful Steam — Vapor Phase..... May *62
Cooling Towers — Hyperbolic vs Mechanical-Draft..... Mar *62
Cooling Towers Invade United States Power Field — Hyperbolic..... Oct *75
Copper Removal Treatments Lengthen Boiler Tube Life — Single-Stage Aug *76
Correction — How Much Increase in Line Capacity with Power Factor Correction..... Dec *76
Cost at Atlantic — Waste and Water Systems Cut..... Oct *80
Cost Estimates Are Made — How Nuclear Power..... June *46
Cost — Ideal Site Reduces Plant.... Oct *95
Cost in Half — Floating Pumping Station Cuts Conventional..... June *75

Costs in Remodeling Plant — DePauw U. Beats ... Dec *91
Cost of Installing Instrumentation — Armortube Reduces the ... June *94
Cost — Unique Use of Water Separator Snubber Saves on Equipment ... Mar *68
Costs Accurately — Figure Your Industrial Steam ... May 74
Costs at Ipswich Power Plant — Economy Fuels Cut ... Jan *75
Costs — High Strength Bolting Speeds Boiler Erection — Cuts ... Feb *90
Costs of Mixed-Bed and 4-Bed Demineralizers — Comparing ... Aug 66
Costs — Use Your Turbine Governors To Cut Operating ... Sept *75
Costs — You Can Control Mechanical-Drive Steam Turbine ... Feb *86
CO_2 for Coal Bunker Fire Protection — How to Use ... July *78
Covers — Tests Show Better Metallurgy Helps Silence Manhole ... Apr H *110
Cracked Boiler Drums by This Proven Method — Repair Your ... Nov *80
Cranes To Cut Maintenance Costs — Power Company Uses Mobile ... May *54
Crush and Pulverize Coal — When You ... July *61
Current Interruption — Generation, Transformation ... Aug *C-2
Cycle — Refresher Look at the Carnot ... Jan *72
Cyclone Furnace With Dust Return Keeps Kodak Park Extra Clean ... Dec *72

D

Dana Corp. Streamlines Plant — Packaged Boiler Automation Pays Off as ... Oct. *83
Data for the Black Book ... June *138
Data on Heat Pumps — More ... July *58
Deaeration — Hydrazine Assures Effective ... Dec *84
Deaeration — Which Way is Best? ... Aug 100
Decade of Nuclear Power Development — 1947–1957, The First ... Jan *54
Demineralizer — Which is Best? — Evaporator or ... Jan *84
Demineralizer? — which is the better buy — Evaporator or ... Feb 66
Demineralizers — Comparing Costs of Mixed-Bed and 4-Bed ... Aug 66
DePauw U. Beats Costs in Remodeling Plant ... Dec *91
Descension An Old Trick With a New Twist — Balloon ... Mar *73
Design Improvements — Investigation of Rotor Failures Brings ... Mar *77
Designing Small Industrial Power Plants for Maximum Net Earnings ... Dec *70
Detroit Edison Handles The Engineering Graduate — How ... Sep *92
Development In Eastern Europe — Nuclear ... Apr 47
Development — 1947–1957, The First Decade of Nuclear Power ... Jan *54
Development — Science Gives Us More Ideas, New Materials for Still Greater Power Field ... Jan *58
Development — Scientific Progress and World Power ... Jan *50
Diesel Heads — Too Much Valve Grinding Can Ruin ... Apr H *108
Dimension In Atmosphere Control — Water Vapor — Third ... May *75
Dipping and Plating — Be Sure to Ventilate ... Mar H 94
Distribution — Common Sense as Applied to Electrical ... Apr *79
Distribution System At Ground Level Cuts Trench Maintenance — Assembling Underground Heat ... Sep *85
Disulfide Does It! — Versatile Lubricant Cuts Application Costs, Down Time — Molybdenum ... Mar *60
Down-Time at Con Ed — Repairs Cut ... Apr *84
Drill Drift — Simple Way to Arrange Non-Slip ... June H *100
Drill Press Vise! — Use That ... June H *98
Drill Use and Care — Fine Points in ... Mar H *92
Drums by This Proven Method — Repair Your Cracked Boiler ... Nov *80
Dry Ice for Compound Removal — Using ... Aug H *109
Duct Design — Model Studies Save Money in Flue Gas ... Mar *84
Dust Return Keeps Kodak Park Extra Clean — Cyclone Furnace with ... Dec *72

E

Economy Fuels Cut Costs at Ipswich Power Plant ... Jan *75
Eddystone Has Longest Vacuum Ash System ... Sep *67
Edison Electric Institute? — How About a Central Fuel Committee For ... Apr *82
Editors Promoted — Power Engineering ... Jan *65
Education and Training — A Look at American Engineering ... Aug *95
Education and Uniform License Laws — NAPE Convention Stresses ... Aug *67
Efficiency — New Material Will Improve Transformer ... Jan *86
Efficiency of Precipitators — New Electrode Raises ... Mar *76
Efficient Power Engineering — At Automatic Electric, A Necessity ... Nov *64
Electric Motors — This Handler Helps Work on ... July H *86
Electrical Art — Progress in Solid State Phenomena Advances ... Jan *62
Electrical Distribution — Common Sense as Applied to ... Apr *79
Electrical Engineers — AIEE Winter Meeting Attracts, Rewards 5000 ... Apr *96
Electrical Load Grows in Buildings ... Feb 73
Electricity from Heat — Direct — Getting ... Jan *87
Electrode Raises Efficiency of Precipitators — New ... Mar *76
Electronic Troubleshooters — Newest ... Feb H 94
Engine Speed and Load — Governors Regulate Turbine and ... May *50
Engineer to Help Run Nation's Second Largest City ... Mar *59
Engineering Education and Training — A Look at American ... Aug *95
Engineering Graduate — How Detroit Edison Handles The ... Sep *92
Engineers' Valve Manual . . . Blow-off Valves — Power ... July *75
Engineers' Valve Manual . . . Gate Valves — Power ... Nov 69
Epoxy Resin Cement — It's Easy to to Use This New ... Jan *81
Equipment Automatically Analyzes Water and Controls Treatment — New ... Jan *76
Equipment Maker — Sewage Plant Doubles as Lab For ... June *82
Erection — Cuts Costs — High Strength Bolting Speeds Boiler ... Feb *90
Europe — Nuclear Development in Eastern ... Apr 47
European Power Systems Will Be Expanded at 380 kv — CIGRE Reports ... Aug *C-1
Evaporative Cooling — Figuring Losses from ... June H *100
Evaporator or Demineralizer — Which is Best? ... Jan *84
Evaporator or Demineralizer? — which is the better buy ... Feb 66
Exhaust Turbine Make Unique Combination — Monotube Boiler, Axial-Flow ... Jan *66
Expansion Joint Design — High-Temperature Piping Problems Solved With New ... Aug *82
Explosion in Ice Plant and What It Showed ... Mar 72
Extra-High Voltages ... Aug *C-9

F

Facilities — Gas Pipeline Power ... Apr *98
Facilities Of UCLA Medical Center — How We Planned the Power ... Apr *88
Failures Brings Design Improvements — Investigation of Rotor ... Mar *77
Feedwater Treatment Systems — How Automatic Controls Apply to ... Oct *86
Field Testing Proves New Scale-Removal Method — Three Years' ... Nov *61
50-Cycle Plant — Operation Skylift Remodels ... Aug *104
Figure Your Industrial Steam Costs Accurately ... May 74
Figure Your Power Lines ickly and Accurately with Lucas Graphs ... Sep *64
Figuring Losses from Evaporative Cooling ... June H *100
Finder Does Away With Temporary Connections — Phase Rotation ... Oct H 104
Fine Points in Drill Use and Care ... Mar H *92
Fire Protection — How to Use CO_2 for Coal Bunker ... July *78
Fires On Construction Jobs — Check-List Helps Prevent ... Feb 82
First Decade of Nuclear Power Development — 1947–1957 ... Jan *54
Float Switch Installation — Freeze-Proofing a ... July H *90
Floating Pumping Station Cuts Conventional Cost in Half ... June *75
Floor-Surfacing Material For Wet and Corrosive Locations — New ... Feb *83
Flow of Water Through Open-Ended Pipes — How to Estimate ... Aug H *108
Flue Gas Duct Design — Model Studies Save Money in ... Mar *84
Fluid Cooler Sends 12,000 gpm To Research Reactor — This ... July *81
Fly Ash — New Use for Slag and ... Apr 102
4-Bed Demineralizers — Comparing Costs of Mixed-Bed and ... Aug 66
Fractured Runner Blades Welded At Site — A picture story of successful emergency repairs ... Apr *104
Freeze-Proofing a Float Switch Installation ... July H *90
Freezing Cooler . . . and Ammonia in the Brine — Case of the ... July 82
Freezing in Bare Steel Pipe — How to Prevent ... July H *90
Freezing Weather — Ways of Handling Coal in ... Mar H 90
Fuel Committee For Edison Electric Institute? — How About A Central ... Apr *82
Fuel For Tomorrow's Power ... Dec *80
Fuel In Fusion Power — H2D8 As ... June *42
Fuel Supply and Characteristics of Coal — Introduction to Steam Power ... June H 96
Fuels Cut Costs at Ipswich Power Plant — Economy ... Jan *75
Fuels for Gas Turbines? — How About Rocket ... July *69
Fusion Power — H2D8 As Fuel In ... June *42

G

Gages Easy to See — Simple Way to Make Boiler ... Mar H 94
Gas Meter Repair — 12 Tips ... May H 84
Gas Pipeline Power Facilities ... Apr *98
Gas Turbine Plant? — Why a Combined Steam and ... Aug *97
Gas Turbine Power Division Finds Progress Rapid — ASME ... May *79
Gas Turbines? — How About Rocket Fuels for ... July *69
Gate Valves — Power Engineers' Valve Manual ... Nov *69
Generation, Transformation and Current Interruption ... Aug *C-2
Generator — Checking on That ... Apr H *110
Geneva Prestige Package Describes American Nuclear Technology ... Nov *60
Germanium Rectifier — How to Use the ... Jan *78
Getting Electricity from Heat — Direct ... Jan *87
Glove Valves — Power Engineers' Valve Manual ... Sep *71
Governors Regulate Turbine and Engine Speed and Load ... May *50
Governors To Cut Operating Costs — Use Your Turbine ... Sep *75
Graduate — How Detroit Edison Handles The Engineering ... Sep *92
Graphs — Figure Your Power Lines Quickly and Accurately with Lucas ... Sept *64
Grate Looks Today — How the Spreader-Fired Oscillating ... June *76
Greasing Job — Refrigeration Lesson — Watch That ... Jan 75
Great Northern Paper Adds New Plant For Process Steam and Power ... Sep *86

H

Handler Helps Work on Electric Motors — This ... July H *86
Handy Tables for Pipefitters ... Jan H *98
Hard-to-Reach Valves? Here are 4 solutions ... Feb H *94
Heat — Direct — Getting Electricity from ... Jan *87
Heat-Distribution System At Ground Level Cuts Trench Maintenance — Assembling Underground ... Sep *85
Heat Pumps — More Data on ... July *58
Heat Pumps Prove Practical and Economical — Air Source ... June *72
Heat-Recovery System, You can Take A New Look At Continuous Blowdown — With This New ... May *72
Heat to Useful Steam — Vapor Phase Cooling Systems Turn Waste ... May *62
Heat Transmission — Introduction to Steam Power ... Sep H *100
Heaters — Better Repair for Tubular Air ... July H *88
Heating Miniature Controls Come of Age ... Nov *73
Heating Plant Switches to BCR Coal-Pak Units — New College ... Aug *72
Heating Plant Went Modern — How and Why ... Feb *68
Here's a Safe Method of Lathe Filing ... June H *98
High Speed Steam Turbines — How to Write Specifications for ... Feb *81
High Strength Bolting Speeds Boiler Erection — Cuts Costs ... Feb *90
High-Temperature Piping Problems Solved With New Expansion Joint Design ... Aug *82
High-Temperature Turbine Designs Improve Thermal Efficiencies ... June 88
High Voltage Bushings Can Be Salvaged ... Nov H *82
Holder Eases Marking-Out Process — Punch ... Jan H *96
Hospital Completely Air Conditioned With Low-Pressure Turbine Units ... Feb *72
Hospital Steam Is Big Business ... June *81
How and Why This Heating Plant Went Modern ... Feb *68
How Atomic Power Operators Are Trained In Britain ... Nov *66
How Many Tons in Coal Barge? ... Mar *70
How the Controlled Rectifier Works ... Mar *86
How the Navy Engineers Its Utilities Conservation Program ... July *65
How to Buy Air Conditioning ... May *56
How to Estimate Flow of Water Through Open-Ended Pipes ... Aug H *108
How to Get An Access Permit ... Feb 41
How To Get Better Performance for Carbon Brushes ... Apr H *106
How To Maintain Centrifugal Pumps ... Oct H *98
How to Maintain Stuffing Boxes That Have Mechanical Seals ... Nov H *88
How to Make Shackle Pins Self-Locking ... Jan H *96
How To Start and Stop Your Turbines With the Aid of Bar-Graphs ... June *89
How to Use the Germanium Rectifier ... Jan *78
How to Write Specifications for High Speed Steam Turbines ... Feb *81
How We Train Men for an Industrial Power Plant ... May *66
H2D8 As Fuel In Fusion Power ... June *42
H-T Bolting: New Standards for Screw Threads ... May *68
H-V Power Applications — Vacuum Interrupter Switches Score In ... May *59
Hydrazine Assures Effective Deaeration ... Dec *84
Hydro Bearing Repaired On Job By Flame-Welding — Large ... Oct *85
Hyperbolic Cooling Towers Invade

United States Power Field ... Oct *75
Hyperbolic vs Mechanical-Draft Cooling Towers ... Mar *62

I

Ice Plant and What It Showed — Explosion in ... Mar 72
Ice Plant — Troubles at the ... Apr 155
Ideas for You — 4 More Practical ... Jan H *96
Ideas for Your Notebook ... Aug H *109
Ideas, New Materials for Still Greater Power Field Development — Science Gives Us More ... Jan *58
Impedance Tester for Stator Windings ... Apr H *112
Improve Transformer Efficiency — New Material Will ... Jan *86
Incinerator — Innovations Feature Refuse ... Mar 67
Incremental Loading Gives Efficient Power System Operation — Planned ... Oct *72
Indian River Power Plant — Ideal Site Reduces Plant Cost ... Oct *95
Industrial Power Plant — How We Train Men for an ... May *66
Industrial Power Plant — So You're Ready to Begin Operating That New ... Jan *69
Industrial Power Plant — So You've Begun Operating That New ... Feb *76
Industrial Power Plants for Maximum Net Earnings — Designing Small ... Dec *70
Industrial Steam Costs Accurately — Figure Your ... May 74
Industrial Water Treatment? — Which Salt for ... Apr *100
Inert Gas Welding in Field — Kraft Paper Used as Baffle Permits ... Oct H *104
Innovations Feature Refuse Incinerator ... Mar 67
Instrumentation — Armortube Reduces the Cost of Installing ... June *94
Insulation, Maintenance of Overhead and Underground Lines — Construction ... Aug *C-7
Insurance Covers? — Know What Your Boiler ... May *61
Interconnection of Systems — Operation, Protection and ... Aug *C-8
Interrupter Switches Score In H-V Power Applications — Vaccum ... May *59
Introduction to Steam Power ... May H 82
Introduction to Steam Power 2 — Fuel Supply and Characteristics of Coal ... June H 96
Introduction to Steam Power 3 — Combustion of Coal ... July H 84
Introduction to Steam Power 4 — Units and Methods of Measurement ... Aug H *110
Introduction to Steam Power 5 — Heat Transmission ... Sep H *100
Introduction to Steam Power 6 — Properties of Steam ... Oct H *102
Introduction to Steam Power 7 — Boiler Feedwater Analysis ... Nov H 84
Investigation of Rotor Failures Brings Design Improvements ... Mar *77
Ipswich Power Plant — Economy Fuels Cut Costs at ... Jan *75
It's Easy to Use This New Epoxy Resin Cement ... Jan *81

J

Jet Sprays Solvents on Motors in Place ... Aug H *112

K

Kodak Park Extra Clean — Cyclone Furnace with Dust Return Keeps ... Dec *72
Kraft Paper Used as Baffle Permits Inert Gas Welding in Field ... Oct H *104

L

Lathe Filing — Here's a Safe Method of ... June H *98
Lead — Solutions for Plating of Tin and ... Sep H 102
Leaking Condenser Tube? Try This Cure — Got a ... Mar H *90
Learn New Power Equipment — Taped Talk Helps Operators ... Oct *77
Lesson — Watch That Greasing Job — Refrigeration ... Jan 75
License Laws — NAPE Convention Stresses Education and Uniform ... Aug *67
Line Capacity with Power Factor Correction — How Much Increase in ... Dec *76
Lines Quickly and Accurately with Lucas Graphs — Figure Your Power ... Sep *64
Literature — New Nuclear ... Apr 52
Literature — New Nuclear ... Oct 58
Load — Governors Regulate Turbine and Engine Speed and ... May *50
Loading Gives Efficient Power System Operation — Planned Incremental ... Oct *72
Locations — New Floor-Surfacing Material For Wet and Corrosive ... Feb *83
Look at American Engineering Education and Training — A ... Aug *95
Look At Continuous Blowdown — With This New Heat-Recovery System, You Can Take A ... New May *72
Look at the Carnot Cycle — Refresher ... Jan *72
Losses from Evaporative Cooling — Figuring ... June H *100
Low-Pressure Turbine Units — Hospital Completely Air Conditioned With ... Feb *72
Lubricant Cuts Application Costs, Down Time — Molybdenum Disulfide Does It!—Versatile ... Mar *60
Lucas Graphs — Figure Your Power Lines Quickly and Accurately with ... Sep *64
Lubricates For Long Life — Dow ... Dec *74

M

Magnetic Amplifiers — Transistors Versus ... Dec *88
Maintain Centrifugal Pumps — How To ... Oct H *98

Y

You Can Control Mechanical-Drive Steam Turbine Costs ..... Feb *86
Y-12 Radiation Accident at Oak Ridge — The ..... Oct *54

SUBJECT INDEX, January to December 1958 — inclusive

Selected typical articles covering readers' day-to-day job problems

Atomics

Decade of Nuclear Power Development — 1947–1957, The First ..... Jan *54
How to Get An Access Permit ..... Feb 41
SRE Formally Placed in Operation .. Feb *42
Accident at Windscale ..... Feb *45
Nuclear Power — Solenoid Valves for Feb *47
Atomics — Report on Atomic Energy Mar *39
Scientists — Time to Stop Baiting .. Apr 43
United States and Britain — Controlled Thermonuclear Progress In the ..... Apr *44
Nuclear Development In Eastern Europe ..... Apr 47
APPR Was Prepared For Start-Up — How The ..... Apr *50
Literature — New Nuclear ..... Apr 52
Order In The Nuclei ..... June 41
H_2D_2 As Fuel In Fusion Power ..... June *42
Nuclear Power Calculations ..... June 45
How Nuclear Power Cost Estimates Are Made ..... June *46
Fluid Cooler Sends 12,000 gpm To Research Reactor — This ..... July *81
Ultra-Pure Water — Prime Requisite For Nuclear Plants ..... Aug *42
Shippingport Completes Five Months' Operation ..... Aug *44
Shippingport — Suppliers of Principal Equipment for ..... Aug 46
Safety Aspects of Nuclear Power Reactors ..... Oct *50
Y-12 Radiation Accident at Oak Ridge — The ..... Oct *54
Nuclear Plants for Britain — More Efficient ..... Oct 56
Nuclear Literature — New ..... Oct 58
Geneva Prestige Package Describes American Nuclear Technology .... Nov *60
How Atomic Power Operators Are Trained in Britain ..... Nov *66
Atomic Power Development at Westinghouse ..... Dec *44

Literature — New Nuclear ..... Dec 52
Test Assembly For Nuclear Powered Aircraft ..... Dec 50

Boilers and Boiler Room Problems

Boiler, Axial-Flow-Exhaust Turbine Make Unique Combination — Monotube ..... Jan *66
Economy Fuels Cut Costs at Ipswich Power Plant ..... Jan *75
Water and Controls Treatment — New Equipment Automatically Analyzes ..... Jan *76
Demineralizer — Which is Best? — Evaporator or ..... Jan *84
Boilers Into Single Plant Pays Off at Convair — Centralizing ..... Jan *88
Boiler Water Treating Systems ..... Jan H *92
Heating Plant Went Modern — How and Why ..... Feb *68
Operating That New Industrial Power Plant — So You've Begun ..... Feb *76
When the Word is "Keep it clean," Try a Central Vacuum Cleaning System Feb *79
Boiler Erection — Cuts Costs — High Strength Bolting Speeds ..... Feb *90
Boiler Water Treating Systems ..... Feb H *92
Radiant Heating for 1900 Homes From This Central Plant ..... Mar *56
Incinerator — Innovations Feature Refuse ..... Mar 67
Efficiency of Precipitators — New Electrode Raises ..... Mar *76
Flue Gas Duct Design — Model Studies Save Money in ..... Mar *84
Simple Way to Make Boiler Gages Easy to See ..... Mar H 94
Metallizing Superheater Tubes ..... Apr *103
Boiler Insurance Covers? — Know What Your ..... May *61
Burning Coal in Pulverized Form ..... May *69
Continuous Blowdown — With This New Heat-Recovery System, You Can Take A New Look At ..... May *72
Industrial Steam Costs Accurately — Figure Your ..... May 74
Steam Power — Introduction to ..... May H 82
Oscillating Grate Looks Today — How the Spreader-Fired ..... June *76
Steam Purity Monitoring Permits Big Savings in Blowdown ..... June *79
Hospital Steam Is Big Business ..... June *81
When You Crush and Pulverize Coal ..... July *61
Better Repair for Tubular Air Heaters July H *88
Abitibi Mill Makes the Most of Process Steam for Power — New ..... Aug *64
Demineralizers — Comparing Costs of Mixed-Bed and 4-Bed ..... Aug 66
College Heating Plant Switches to BCR Coal-Pak Units ..... Aug *72
Single-Stage Copper Removal Treatments Lengthen Boiler Tube Life .. Aug *76
Deaeration — Which Way is Best? ... Aug 100
Warm-Up Methods? — Are You Up-To-Date on BF Pump ..... Aug *102
Sodium Test Measures Steam Purity Accurately ..... Sept *81
Steam Pressure Important in Using Unit Heaters ..... Sept H *96
Fusion Welding Speeds HRT Boiler Repair ..... Sept H *98
Heat Transmission — Introduction to Steam Power ..... Sept H *100
Boiler Automation Pays Off as Dana Corp. Streamlines Plant — Packaged ..... Oct *83
